This policy sets out the school's framework for determining what is 'acceptable' and 'unacceptable' use of mobile phone technology by students whilst they are at school. The purpose of this policy is to prevent unacceptable use of mobile phones, camera- phones, smart watches and mp3 players by students, and thereby to protect the school's staff and students from undesirable materials, filming, intimidation or harassment. This policy also supports the learning and development of all students, due to the distractions that mobile phones and associated technologies can cause in school.

Note: For the purposes of this policy, all references to 'mobile phones' should be taken to include camera phones, smart watches, earphones, earbuds and mp3 players, even for those which do not incorporate communications technology.

It is recognised that this policy must be reviewed and revised regularly in response to developments in technology.

Rationale:

At Colne Valley High School, we are aware that some students carry mobile phones and devices for reasons of personal safety and practicality whilst travelling to and from school. However, this should be balanced against the possible dangers and problems that can arise from the use of mobile phones and devices in school such as:

- the impact on learning due to the continual distraction that they provide
- bullying through SMS or other means
- possession or transmission of inappropriate/unlawful images
- filming of individuals without their permission
- general nuisance in the classroom and social areas
- accessing inappropriate websites on the internet
- theft/damage to or loss of phones and devices and the resultant loss of staff time due to investigations

We also want to encourage students to talk to each other and develop friendship groups at break and lunchtime as opposed to using their mobile phone.

The Policy:

1. If a mobile phone is brought into school, it is entirely at the students' & parents'/carers' own risk. The School accepts no responsibility for the loss, theft or damage of any phone, smart watch, mp3 player or other mobile device brought into school
2. Mobile phones which are brought into school must be turned off (not placed on silent) and stored out of sight (in school bags not blazer pockets) immediately from the moment that the student enters the school building. They must remain turned off and in school bags until the student has left the school building at the end of their day. This includes break-time and lunchtime
3. If a mobile phone is seen by a member of staff, that member of staff will be required to confiscate it immediately. If this is in class time, the teacher will keep the phone until the end of the lesson. At

the end of the lesson, or at the next opportunity, the phone will be taken to student reception to be held securely (inside an envelope with the student's name clearly marked on it)

4. If this is during break or lunchtime, the member of staff will store it in a safe area and then will take it to student reception at the earliest opportunity, again to be stored in a sealed envelope with the student's name clearly marked on

5. When a mobile phone is confiscated, the matter will be recorded on the student's behaviour log on Classcharts

6. On the first and second occasion on which a student's phone is confiscated, they will be handed the phone back at end of the school day, after their detention (If they have one)

7. On the third occasion (and all subsequent occasions after that) on which their phone is confiscated, their parent/carer will be contacted and asked to collect the phone in person

8. Any student who refuses to hand over a mobile phone when requested to do so will have a phone refusal logged in Class Charts which will result in a 45-minute detention. Should the student refuse to sit the detention, the sanction will be escalated to a 60-minute detention. Further refusal will lead to spending some time in reflection. Continuous breach of this policy will lead to a behaviour contract where phones are confiscated at the start of each day and handed back at the end of the day.

9. It is forbidden to record photographic images (still or video) or sound recordings of staff or students at any time without their explicit permission

10. Any student caught filming another person (and/or uploading images or video onto the Internet) will have their phone confiscated. It will be treated as a disciplinary matter and their parents/carers will be informed. If the action is repeated, flagrant or of a serious nature, the matter will be treated as a serious disciplinary issue. In such circumstances, the child's parents/carers will be informed and the Governing Body and/or Police may be notified

11. Colne Valley High School reserves the right to search the content of a confiscated device where there is a reasonable suspicion that it may contain undesirable material, including those, which promote pornography, violence, or bullying. If such material is found, it may be forwarded to the Police

13. The PE changing rooms are locked once students have left to go to their activity and re-opened when they return. Students are responsible for supervising their own belongings during the time in the changing facilities. Students and parents should be aware that mobile devices are particularly vulnerable to being stolen in changing rooms

14. Where parents/carers or students need to contact each other during the school day, they must do so only through the School's telephone system (via Reception) and not via student mobile phones. This includes obtaining contact due to forgotten items (e.g. PE kit) or when a student feels unwell. A member of the pastoral team will contact home for a child if needed.
